

Chassagne Farm
invites you to attend our
FLEECE FIESTA

Saturday, October 23
and Sunday, October 24, 2021
10am-4pm

Come to see the original flock of Shetland Sheep in North America. Newly shorn, our fine Shetland fleeces are spectacular as they display eleven natural colours - white, black, shades of grey and shades of brown from caramel to deep mahogany. There are dozens of fleeces to choose from, each identified by the sheep's ear tag number so we can tell you about the animal whose fleece you select.

Refreshments will be served. After all... fondling fleeces and looking at beautiful animals is hard work - but somebody has to do it!

Lightly Skirted Fleeces \$10/lb
Top Quality Fleeces \$15/lb
Washed Fleeces \$20/lb

Receive a \$5.00 discount if you bring a photo of something, you have made from our wool.

We have Shetland rovings as well as Shetland/mohair yarns and Chassagne knitting kits, all processed at wool mills nearby. While you are here, visit with our animals and stock up on Chassagne Farm Wildflower Honey (*our bees have been very busy!*)

Sign up for our
BEGINNER KNITTING WORKSHOP
to be held on Saturday, November 6.
